

## LOS ANGELES MINIATURISTS "the L.A. club"

[www.laminiaturists.com](http://www.laminiaturists.com)

### APRIL 2011

*Hello fellow members,*

*The LA Club will be meeting this Saturday April 2, 2011 from 9:00AM - 1:00 PM. We will be getting together at the "Ship!" in beautiful Burbank California.*

*Coffee, doughnuts, resin, plastic and the Schwartz!*

*This Month's demo will feature the world famous Ed "Big Daddy" Baroth! Master Aviation Modeler Ed will be showing the club members and guest just how you get those nasty scratches off the canopies. He will also show you his method of panel line scribing, And by special request from Peter Ferk, Ed will also show us how to integrate photo etch Instructions with kit Instructions, for the not so savvy. I'm not an aviation modeler, but I want to be someday, so I really would like to see this one. Don't miss out for this special event, brought to you live! One time only! This Saturday at the Ship!*

*I will set up the Photo Cube early so that I can see the demo. So Yes! I will be photographing at this meeting, but my desire to see Big Daddy's demo will limit the time of photography. Early bird gets the worm.*

*Pasadena Modelers society "Valley-Con 2011" a huge success! Nearly 400 entries and the show is getting bigger each year. A special thanks from George Creed to all LAMS members that participated. We look forward to seeing Pasadena reach 500 entries next year! Congratulations to PMS.*

*SCAHMS 2011 the California show was also held in March but I was not able to make it this year, I understand that there were some amazing pieces on display and there were 2 masters elected this year. If anyone has a review regarding either show, Please see me at the meeting.*

*The world famous LAMS raffle table will be loaded...! Loaded I said! You know the drill, bring your shekles and take home some nice kits, tools, books and or left-over doughnuts. See you at the Ship!*

*Marcelo Fuentes  
Minister of Propaganda*
